

# Penketh High School - Homework

Homework is an essential part a pupil's education that allows their teacher to stretch their learning and understanding beyond the classroom and their timetabled lessons. It is a vital tool that allows pupils to enhance their achievement and will have been well planned by classroom teachers as an essential part of their curriculum delivery.

Most of the tasks set will be for pupils to complete at home, but some of the work set may require a pupil to stay to a session in school to use specialised equipment or resources available in school. Pupils may also choose to complete homework pieces in school at homework clubs if they feel they may become more distracted at home.

## **Purpose**

Homework should;

- Extend pupil learning from the work covered in class
- Demonstrate understanding of concepts learnt in class showing progress and understanding
- Enable pupils to develop independent learning and study skills and allow pupils to take ownership over their own work
- Develop research skills and encourage pupils to use alternative resources

## **Year 7 Weekly Homework Schedule**

This is the amount of homework pupils will be receiving. There are no set days – we leave this up to teachers to decide when it is appropriate and most beneficial for pupil progress.

| Subject    | Homework weekly                    | Task  |
|------------|------------------------------------|---|
| English    | 2 x 30mins                         | 1 linked to classwork & 1 private reading           |
| Maths      | 2 x 30mins                         |   |
| Science    | 2 x 30mins                         |   |
| ICT        | 1 x 30mins                         |   |
| Technology | 1 x 30mins                         |   |
