

Y11 Compulsory Booster Session Timetable

These sessions will be compulsory for all Y11 students to attend even if they are on study-leave, unless they have an exam that coincides with the Booster. Sessions will be delivered, where possible, by their class teacher (in the usual room) and will be immediately before the following day's GCSE exam in that subject. **If students are in for a morning exam and have a Booster in the afternoon, they must remain in school until the session by attending period 3 as normal.**
